

Samples for Relab den Haan, for info; +31 15 7502590, or; info@denhaan.nl  
Information about taking samples please visit our website www.denhaan.nl

Company name: ..... Client number: .....

Address: .....

Zip code: ..... City: ..... Tel. nr: .....

E-mail: ..... Fax: .....

Sampler: ..... Location: ..... Crop: .....

Growing medium/sample:  soil  substrate  cocopeat  peat  else .....

Chemical research:  macro- and microelements  
 dry matter analysis leaves  precipitation/sediment  else, .....

Sample:  drain  substrate  well/river water  feeding solution  else, .....

Layout report:  mmol  ppm  mmol and ppm

Plant pathology:  nematodes  fungi  bacteria  virus  DNA Scan  Oelse, .....

Recommendation:  yes  no  A/B tank  Pre plant recipe in kg/100 m2  else ....

Crop stage:  start  vegetative  generative

Plain water:  rain water  city water  surface water  borehole/well water  
Have the irrigation water analysed.

Recirculation system:  yes  no Tank content, .....ltr

Remarks : .....
